Agricultural Enterprises of Kharkiv and the Kharkiv Region

DIA

Fusilli team has established the catalogue of Kharkiv regional producers to analyze the local food chain and current challenges. The catalogue consists of:

- farms, greenhouses, livestock, elevators, enterprises, that grow vegetables, fruits and berries in the city and the region;
- transport and logistics companies, engaged in the transportation of food products in the Kharkiv region during the war time.

City Kitchen

PIA

City Kitchen was established as a social project of Kharkiv City Council aimed at fostering food sustainability in Kharkiv via addressed food help for vulnerable group of people. Everyday one kitchen provides more than 15 000 hot meals.

Reducing Food Waste

WIA

Reducing food waste among providers and consumers in Kharkiv

Fusilli team continues with conducting seminars as a part of Kharkiv School Living Lab activities dedicated to sharing foreign and national experience of reducing food waste among food providers and consumers.

One of the seminars was conducted during the launch meeting of Kharkiv Food City Council and aimed at developing propositions for reducing food waste in the frame of the Urban Food Action Plan.
